

B. Responsibilities of the hazardous waste Transporter (the sender or receiver whoever is involved in transportation of hazardous wastes is responsible):

- i. Obtaining requisite authorization from SPCB/PCC for transport of hazardous waste (in addition to any other permission that may be required under the Motor Vehicle (Amendment) Act of 1981).
- ii. The transport vehicles shall be designed suitably to handle and transport the hazardous wastes of various characteristics.
- iii. The transporting should follow all the Rules pertaining to transportation of hazardous waste as stipulated under HW (M& TM) Rules,2016.
- iv. Transporting the wastes in closed container at all time.
- v. Delivering the wastes at designated points only.
- vi. Informing SPCB/PCC in Form 11 of the HW (M & TBM) Rules, or local authority, occupier / operator of a facility, and others concerned immediately in case of spillage, leakage or other accidents during transportation.
- vii. The transporter shall train the driver with regard to the emergency response measures to be taken during the transportation of waste.
- viii. Cleaning of vehicles shall be carried out at designated places as authorized by SPCB/PCC.
- ix. Clean-up in case of contamination - Liable for taking up immediate emergency response measures in the event of spillage, improper disposal, fire or mishandling of hazardous waste. The main objective of the emergency response measures is to secure immediate human & environmental safety and contain/control further spillage or release of hazardous waste or release of fumes/gases. Each occupier, transporter, operator or cement plant responsible for transportation of hazardous waste shall develop Emergency Response Plan (ERP) as stipulated in "Guidelines on Implementing Liabilities for Environmental Damages due to Handling & Disposal of Hazardous Waste and Penalty" published by CPCB.
